MARK SCHEME for the May/June 2009 question paper
for the guidance of teachers

**0417 INFORMATION AND COMMUNICATION
TECHNOLOGY**

0417/02

Paper 2 (Practical Test A), maximum raw mark 100

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

- CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the May/June 2009 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

The Jersey hotel and golf complex is a well established favourite and uses the beautifully situated Excelsior hotel on St Brelade. Its fine views and excellent golf facilities are enjoyed by our guests year after year. Almeria is a beautiful location for our guests in the cooler months at the end of the year or in the New Year, but attracts bookings all year round.
