UNIVERSITY OF CAMBRIDGE INTERNATIONAL EXAMINATIONS International General Certificate of Secondary Education

MARK SCHEME for the October/November 2010 question paper

for the guidance of teachers

0417 INFORMATION AND COMMUNICATION TECHNOLOGY

0417/02

Paper 2 (Practical Test A), maximum raw mark 80

MMM. Hiremepapers.com

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

• CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the October/November 2010 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

Here are details of planned trips:

We have been running, and are planning, a number of kiting holidays for club members. These are for specific sports and in well known locations around the world. For example, last year we led a successful and enjoyable trip to Sharm el Sheikh in Egypt to learn to kite surf. Kite surfing is a three dimensional water sport that has evolved from surfing, skate boarding and power kiting. Being able to pull 25-30 foot junc combining aerial tricks and board jumps gives power kite "splash of colour" it truly deserves.

We are also going back to Norway for a snow kink kiting is becoming more and more popular
