## MARK SCHEME for the May/June 2010 question paper

 for the guidance of teachers
## 0607 CAMBRIDGE INTERNATIONAL MATHEMATICS

0607/03 Paper 3 (Core), maximum raw mark 40

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

- CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the May/June 2010 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

| Page 2 | Mark Scheme: Teachers' version | Syllabus | Paper |

|  | IGCSE - May/June 2010 | 0607 | 03 |

- M marks are given for a correct method.
- A marks are given for an accurate answer following a correct method.
- B marks are given for a correct statement or step.
- D marks are given for a clear and appropriately accurate drawing.
- P marks are given for accurate plotting of points.
- E marks are given for correctly explaining or establishing a given result.
- ft follow through
- oe or equivalent
- soi seen or implied
- www without wrong working

| 1 (a) <br> (b) (i) <br> (ii) | $\begin{aligned} & 140 \div 7 \\ & \times 4 \\ & 35 \\ & 55 \\ & 67.42 \text { final answer } \end{aligned}$ | $\begin{aligned} & \begin{array}{l} \text { M1 } \\ \text { M1 } \\ \text { B2 } \\ \text { B2ft [2] } \\ \text { B3 } \end{array} \\ & \hline \end{aligned}$ | If B 0 , M 1 for $80 \div 16 \times 7$, implied by $5 \times 7$ seen <br> $\mathrm{ft}(80-$ their (i) $) \div 9 \times 11$. If B0, M1 for $(80-\operatorname{their}(\mathbf{i}) \div 9 \times 11$ <br> If B0, M1 for $60 \times 1.06^{2}$ oe (67.4 and 67.416 score M1A1) <br> SC1 for 7.42 <br> If 0 scored, B1 (independent) for rounding their seen amount (with more than 2 dp ) to 2 dp |
| :---: | :---: | :---: | :---: |
| 2 (a) (i) <br> (ii) <br> (iii) <br> (b) | $-5$ <br> $\frac{y+3}{2}$ <br> 4.5 oe $(x)=4,(y)=5$ | B1 [1] <br> M1 <br> M1 [2] <br> B1ft [1] <br> B3 [3] | M1 for correctly rearranging or M1 for correctly dividing by 2 <br> Correct or ft (ii) <br> If B0, M1 for sketch of two lines showing intersection or for correct elimination of one variable <br> A1 each answer <br> One correct answer without working scores 0 |
| 3 (a) (i) <br> (ii) <br> (iii) | Reflection $x=-1$ <br> Rotation $90^{\circ}$ clockwise oe, (centre) $(0,0)$ <br> Correct triangle vertices $(0,0),(4,2),(2,6)$ | $\begin{array}{lr} \text { B1 } & \\ \text { B1 } & {[2]} \\ \text { B1 } & \\ \text { B1 } & \\ \text { B1 } & {[3]} \\ \text { B2 } & {[2]} \end{array}$ | If $\mathrm{B} 0, \mathrm{SC} 1$ for any other enlargement scale factor 2 <br> 2 mm accuracy |
