#### Commentary: Candidates A and B: Question 2

Candidate A: 16/17 marks

Candidate B: 15/17 marks

This question requires candidates to prepare a sales ledger control account and purchases ledger control account.

<u>Candidate A</u> produced a totally correct answer, but failed to gain the mark awarded for using the correct dates for all transactions, as these were incomplete. However, the candidate gained the mark for quality of presentation for using the correct narratives in the accounts.

<u>Candidate B</u> also produced a correct answer, but again failed to gain the mark awarded for using the correct dates as these were completely absent. In addition, this candidate failed to gain the mark for the closing balance on the purchases ledger control account due to an addition error in the account. However, the candidate managed to gain the mark for quality of presentation for using the correct narratives in the accounts.

#### **Question 4 ACCN1 (Second Specimen Question Paper)**

Net profit for the year		50 000
-	<del>-</del>	32 000
Drawings		22 000
-	<u>-</u>	54 000

#### **Additional information**

- (1) Fixtures and fittings costing £3000 had been recorded as purchases and charged to the trading account for the year.
- (2) Brian had taken £1000 cash from the bank account for his own use. This had not been recorded in the accounts.
- (3) Brian found a cheque for £2500 received from a credit customer during December, which he had mislaid and had not been recorded.
- 4 Redraft the balance sheet, correcting any errors.

#### Commentary: Candidates A and B: Question 4

Candidate A: 13/13 marks

Candidate B: 8/13 marks

This question tests the candidates' knowledge and understanding of the balance sheet. It requires candidates to correct errors in the balance sheet, account for adjustments and produce a corrected balance sheet.

<u>Candidate A</u> produced a totally correct answer to the task, providing the corrected balance sheet heading, correct sub-headings and accounting for the three adjustments correctly. This candidate also scored a mark for the presentation of the balance sheet.

<u>Candidate B</u> provided a well-presented balance sheet (again scoring a mark for the presentation), but failed to incorporate all the necessary adjustments. Failure to provide workings resulted in no reward for the incorrect calculations on net profit and cash at bank. Workings would probably have resulted in a further two marks being rewarded.
