The directors of SDERT plc wish to purchase fixed assets costing £900 000.

The directors are considering three options to fund the purchase.

Option 1

To purchase the fixed assets on credit terms. The credit agreement will require four annual payments of £250 000 each.

Option 2

To issue £800 000 7% debentures at a premium of $12\frac{1}{2}\%$. The debentures will be redeemed in 2035.

Option 3

To issue 2 000 000 new ordinary shares of 25p each as a rights issue at 45p each. For the past few years, the company's shareholders have earned a return of 6% on their investment. The directors will continue to pay dividends sufficient to maintain this return in the future.

REQUIRED

Evaluate **each** option and advise the directors which one they should choose. *(13 marks)*
(for quality of written communication: plus 2 marks)
